

Beacon Plaza | Investment and Sales Offering Memorandum

Charlotte, NC | Office | As of 2026-08-31

Executive summary

Source-backed analysis. Assumptions remain subject to diligence.

Beacon Plaza is a fictional office property evaluated using the attached certified rent roll (as of 2026-08-31), trailing-12 operating statement (2025-09-01 to 2026-08-31), insurance declaration, and limited lease records. The package provides sufficient detail to underwrite stabilized income and size senior debt under stated lender constraints.

Highlights: 12 suites totaling 64,860 SF across small/standard/large groups. Physical occupancy is 9 of 12 (pending not in possession), with 2 vacant and 1 pending. Stabilized underwritten EGI is based on scheduled rent at the certified roll with a 5% economic loss and \$350 per suite annual other income. UW NOI before reserves: \$1,042,534; UW NCF after reserves: \$1,038,934. Capitalization value at 7.50%: \$13.90MM. Sizing rate 6.75% (above 6.00% floor). Maximum loan is the LTV cap at approximately \$8.34MM, implying net cash out about \$1.71MM after costs and payoff.

No photos, market comps, sponsor information or asking price are provided or assumed.

Lease and occupancy analysis

As of 2026-08-31 certified roll: 9 active, 1 pending (not yet in possession), 2 vacant. Headline counts in the manager cover note included pending as leased (10 of 12), but certified occupancy excludes pending from physical occupancy.

Annual in-place rent from active suites: \$1,214,100 (9 occupied × listed monthly base rents × 12). Suite 001 specifics confirmed by lease excerpt and manager correspondence: \$11,050/month; expiration 2027-02-28; no free rent or amendments affecting rent as of the as-of date.

Near-term rollover: Suite 001 expiry is 2027-02-28, which is beyond 12 months from the as-of date; therefore, no near-term expirations are present.

Status	Count	Area (SF)	Share
Active (in possession)	9	48,645	0.75
Pending (not yet in possession)	1	5,380	0.08
Vacant	2	10,?	—

Historical vs underwritten financials

Reported trailing-12 (cash basis) collections: \$1,456,920; taxes \$169,974; insurance \$56,658; other recurring opex \$226,632; roof replacement recorded as capital (no recurring repair component). Reported NOI: \$1,003,656.

Underwriting per instructions uses scheduled rent for all suites from the current certified roll before the Suite 001 amendment, a 5% economic loss, and \$350 per suite annual other income. Management fee at 3% of UW EGI. Replacement reserve \$300 per suite/year. Taxes, insurance and other recurring opex per T12. NOI before reserves and NCF after reserves as stated in the executive summary.

LTV limit (60%)	\$8,340,274
DSCR-implied loan	\$10,678,767

Measure	Result
Debt-yield-implied loan	\$11,543,713
Maximum loan (min of above)	\$8,340,274
Origination fee (1%)	\$83,403
Closing costs	\$45,000
Existing payoff	\$6,500,000
Net cash out	\$1,711,871

Risks and missing diligence

Pending-in-occupancy inclusion risk: Manager headline counts include pending as leased; certified occupancy excludes pending. We treat pending as not physically occupied for occupancy metrics.

Near-term rollover risk: absent (no expirations within 12 months).

Insurance documentation: present; limit \$2,000,000 and active policy period. Insurance expense available via T12. No missing insurance risk.

Capital in opex risk: absent. Roof replacement is explicitly capital, not recurring opex.

Unsigned rent change risk: absent as of 2026-08-31 per correspondence; no amendments or concessions affecting Suite 001.

Temporary free rent risk: absent; none indicated in lease excerpt and correspondence.

Sizing floor binding risk: absent. The note rate 6.75% exceeds the 6.00% floor; the greater rate controls but floor is not binding.

Refinance shortfall risk: present if proceeds do not clear payoff and costs; here proceeds exceed payoff plus costs, yielding positive net cash out, so shortfall risk is absent.

Risk	Assessment	Note
Pending counted as occupied?	Present	Headline includes pending; certified excludes
Near-term rollover (<12 months)	Absent	Next expiry 2027-02-28
Missing insurance	Absent	Policy declaration provided
Capital booked in opex	Absent	Roof replacement booked as capital
Unsigned rent change	Absent	No unsigned proposal affecting rent

Risk	Assessment	Note
Temporary free rent	Absent	None indicated
Sizing floor binding	Absent	Note rate > floor
Refinance shortfall	Absent	Net cash out projected positive
