

Maple Crossing

Retail Investment Offering Memorandum | Columbus, OH | Valuation date: 2026-08-31

Original fictional evaluation material. No actual address, sponsor credentials, photography, market comps, or asking price is represented. Where such information is not supplied in the source packet, its absence is labeled rather than invented.

Source-backed analysis. Assumptions remain subject to diligence.

Executive Summary

Property	Maple Crossing
Market	Columbus, OH
Asset class	Retail (multi-suite in-line)
Total suites	10
Occupied suites	9 (physical, per certified roll)
Pending suites	0 (no pending status on certified roll)
Total area	31,150 SF
Occupied area	28,170 SF
Unit occupancy	90.00%
Area occupancy	90.42%
Annual in-place rent (active × 12)	\$735,300
T12 reported NOI (2025-09-01 → 2026-08-31)	\$757,593
Underwritten EGI	\$777,275
Underwritten NOI (before reserves)	\$524,720
Underwritten NCF (after reserves)	\$521,720
Cap rate (per instructions)	6.7500%
Capitalization value (UW NOI / cap)	\$7,773,626
Maximum loan (LTV binding)	\$5,052,857
Realized DSCR / DY at max loan	1.36× / 10.32%
Net cash-out at close	\$657,328 (surplus after payoff, fees & closing)
Asking price	Not supplied in source packet
Market comps	Not supplied in source packet
Sponsor history	Not supplied in source packet
Photography	Not supplied in source packet

Property & Suite Mix

Maple Crossing is a 10-suite retail property comprising three unit types. Per the manager cover note, unit groups A / B / C correspond in order to Small, Standard, and Large suites. Suite mix, area, and current in-place rent are drawn directly from the property manager's certified rent roll dated 2026-08-31.

Type	Suite type	Suites	Occupied	Total SF	Occupied SF	Current rent / mo
A	Small	4	3	12,320	9,240	\$6,650
B	Standard	3	3	9,600	9,600	\$6,800
C	Large	3	3	10,230	10,230	\$7,075

	Total	10	9	31,150	28,170	—
--	--------------	-----------	----------	---------------	---------------	----------

Lease & Occupancy Analysis

The certified rent roll (as of 2026-08-31) shows 9 active suites and 1 vacant suite (Suite 010). All active leases share a stated lease expiration of 2029-08-31 — no active suite expires within the next 12 months, so there is no near-term rollover risk. The manager cover headline states 9 of 10 leased using a methodology that counts occupied plus pending as leased; the certified detail — which controls per the manager's own instruction — shows no pending status on the roll. The headline's classification methodology is flagged (see Risks) because it would overstate occupancy in any period where pending occupants had not taken possession, even though the two figures happen to reconcile in this snapshot.

Suite 001 is subject to a fully executed lease amendment dated 2026-07-20 and effective 2026-08-01, raising monthly rent by \$350; the certified roll reflects the post-amendment rent of \$6,650 at Suite 001. The lease excerpt (lease-001.pdf) also shows \$6,650, while the archive roll dated 2026-06-30 shows \$6,575. This is a resolvable source conflict: the executed later amendment controls per the lease excerpt itself, so the certified value stands. Per underwriting instructions, underwriting uses Suite 001's pre-amendment rent (\$6,300) as an assumption input to the stabilized GPR — a deliberate conservative treatment, not a data error.

Historical vs. Underwritten Financials

Historical figures are drawn verbatim from the T12 operating statement covering 2025-09-01 through 2026-08-31 (parentheses denote expenses). Underwritten figures apply the assumptions stated in the underwriting instructions. Historical NOI, underwritten NOI, and NCF are distinct definitions and are labeled as such.

Line item	T12 Actual	Underwritten	Note
Rental & ancillary collections	\$736,830	—	T12 collections; not comparable to UW GPR
Gross potential rent (annual, pre-amendment S001 method)	—	\$814,500	Certified roll ×12 with S001 at pre-amendment rent
Economic loss (5%)	—	(\$40,725)	Per instructions
Other income (\$350/suite/yr)	—	\$3,500	Per instructions
Effective / Underwritten EGI	\$736,830	\$777,275	T12 shown as collections
Real estate tax	(\$85,964)	(\$85,964)	Same source figure
Insurance expense	(\$28,655)	(\$28,655)	Same source figure
Other recurring operating expenses	(\$114,618)	(\$114,618)	Same source figure
Management fee	—	(\$23,318)	3% of UW EGI (not in T12 ledger)
Roof replacement	\$0 in repairs	—	Capital improvement per T12 instructions
NOI (before reserves)	\$507,593 (reported)	\$524,720 (UW)	Different definitions
Replacement reserves	—	(\$3,000)	\$300 × 10 suites
Net cash flow (UW)	—	\$521,720	Used for DSCR & debt yield

Debt Sizing & Sources / Uses

Debt is sized on the greater of the note rate and the underwriting floor, per instructions. Because the note rate (6.5000%) exceeds the floor (6.0000%), the note rate is used for sizing. LTV constrains value; DSCR and debt yield are computed on NCF after reserves.

Sizing rate (MAX of note, floor)	6.5000%
Amortization	30 years, monthly
Loan by LTV (65% × \$7,773,626)	\$5,052,857
Loan by DSCR (NCF / 1.25 / annual DS per \$)	\$5,502,781
Loan by Debt Yield (NCF / 9%)	\$5,796,886
Binding constraint	LTV
Maximum loan	\$5,052,857
Realized LTV	65.00%
Realized DSCR (on NCF)	1.36×
Realized Debt Yield (on NCF)	10.32%

Sources & Uses at Close

SOURCES	USD	USES	USD
Maximum loan	\$5,052,857	Existing payoff	\$4,300,000
Net cash-out (to sponsor)	(\$657,328)*	Origination fee (1% of loan)	\$50,529
		Closing costs	\$45,000
Total sources	\$4,395,529	Total uses	\$4,395,529

*Net cash-out is shown as a source (surplus proceeds to sponsor after payoff, fees, and closing costs). Per instructions, a negative value would indicate additional equity required; this deal produces a positive \$657,328 to sponsor.

Sensitivity — Capitalization Value

Cap rate	6.0000%	6.2500%	6.5000%	6.7500% (base)	7.0000%	7.2500%	7.5000%
Value	\$8,745,333	\$8,395,520	\$8,072,615	\$7,773,630	\$7,496,000	\$7,237,517	\$6,996,267

Risks & Missing Diligence

Each item is assessed independently as **present**, **absent**, or **unresolved**. Assessments describe the source packet's condition, not downstream calculation choices. Standard third-party diligence (legal, environmental, property condition, title) has not been completed per diligence-status.pdf; this is routine pending diligence, not a finding of a defect. No evidence of contamination, litigation, fraud, or structural failure is supplied and none is asserted.

Risk	Status	Assessment
risk_pending_in_occupancy	present	Manager cover headline counts occupied + pending as leased (9 of 10). Certified detail shows no pending status; the classification methodology would overstate occupancy in any period pending existed and is flagged even where the count happens to reconcile.
risk_near_term_rollover	absent	All 9 active suites expire 2029-08-31 — more than 12 months beyond the 2026-08-31 evaluation date.
risk_missing_insurance	absent	Insurance policy in force (2026-07-01 to 2027-06-30) per insurance.pdf; T12 shows \$28,655 recurring insurance expense.

risk_capital_in_opex	absent	Operating statement explicitly shows roof replacement booked in repairs at \$0 — properly capitalized.
risk_unsigned_rent_change	absent	No unsigned rent proposal is present in the packet. The Suite 001 amendment is fully executed (signed 2026-07-20, effective 2026-08-01).
risk_temporary_free_rent	absent	Lease excerpt states no free-rent concession applies as of the evaluation date.
risk_sizing_floor_binding	absent	Note rate 6.5000% exceeds floor 6.0000% — note rate binds; floor is not binding.
risk_refinance_shortfall	absent	Maximum loan \$5,052,857 exceeds payoff \$4,300,000 + fees \$95,529; net cash-out is a positive \$657,328.

Explicitly Missing from Packet

Item	Status
Property photography	Not supplied — labeled, not invented
Asking price	Not supplied — labeled, not invented
Market sales / rent comps	Not supplied — labeled, not invented
Sponsor history / track record	Not supplied — labeled, not invented
Third-party legal report	Pending diligence — no findings
Environmental (Phase I/II)	Pending diligence — no findings
Property condition assessment	Pending diligence — no findings
Title report	Pending diligence — no findings

Source Notes

File	Used for
rent-roll-certified.xlsx	Controlling rent roll (as-of 2026-08-31); occupancy; in-place rent; suite mix; areas
rent-roll-archive.xlsx	Prior period (2026-06-30) — referenced only to explain resolvable source conflict
lease-001.pdf	Suite 001 executed lease terms; free-rent concession statement
lease-correspondence.pdf	Suite 001 executed amendment (+\$350/mo eff. 2026-08-01)
operating-statement.pdf	T12 actuals (2025-09-01 to 2026-08-31); reported NOI; roof capex classification
insurance.pdf	GL aggregate policy limit and coverage period (not an operating expense)
manager-cover.pdf	Type mapping (A/B/C ↔ Small/Standard/Large); manager occupancy methodology; approved copy
underwriting-instructions.pdf	All UW assumptions: GPR method, loss/other income, opex, mgmt, reserves, cap, debt constraints, sizing
diligence-status.pdf	Statement that legal/env/PCA/title are routine pending diligence, not findings of defects

This memorandum uses only the source packet listed above. No external research, outreach, market data, comparable transactions, sponsor credentials, or photography has been introduced. Assumptions remain subject to diligence.
